

Houghton Department

**WILL PUT PUBLIC WISE
TO FAKES OF ALL SORTS**

**HEALTH SPECIAL, HERE SOON,
WILL PUT LARGE CRIMP IN
VARIOUS FRAUDS.**

The details of the itinerary of the Michigan health special, which is to be sent out this week by the state officials, will be announced in a few days. It will visit upper peninsula districts in an effort to "put Michigan wise to fakes, frauds, misbranded foods and curative."

Starting from Lansing August 2, the train will be in charge of a corps of seven demonstrators who will lecture and meet the public.

It is hoped to put a crimp in fakes and misbranded foods, deceptive advertising and even the common house fly. The house fly, in fact, will have a compartment of the train all to himself and placards warning against its dangers will be in evidence throughout the train. An extensive exhibit will be devoted to weights and measures. For a year the state dairy and food department has been gathering together short measures, scales that have been tampered with, dried weights and many other devices intended to defraud the public. These will all be exposed.

An extensive exhibit dealing with tuberculosis in dairy cattle will occupy one of the cars, and a lecturer from the United States department of agriculture will address the dairymen who visit the train.

Another exhibit of the dairy department will be a model dairy house, fully equipped with all the modern apparatus necessary for the production of clean milk.

The coming of the train to the copper country is looked forward to here with interest. The excellence of a number of exhibits, and the lectures by the specialists of the department, will attract many, and it is assumed that much good will result from the visit of the special.

IMPROVE BRIDGE ROADWAY

**Committee Now Has Two Engineers
Working at Drawbridge.**

Chairman Hartmann of the county bridge and highway committee has placed two engineers at work on the county bridge to investigate the possibility of constructing a permanent roadway.

At the present time the bridge is in very bad condition and it was deemed necessary to devise some means to preserve the structure. It has been suggested that a permanent roadway constructed of blocks of concrete or reinforced concrete would be the best but it will be necessary to first determine whether or not the bridge can uphold the additional weight. Chief Engineer Hatcher of the bridge and highway committee has already advised the committee that one of the pillars supporting the bridge on the Houghton side of the draw has weakened considerably and will have to be replaced. The pillar was damaged when the steamer Griffith collided with the draw at the opening of navigation.

Chairman Hartmann is not in favor of the proposition advanced by Supervisor Bourke of using ferries to transfer vehicles and pedestrians from one side of the lake to the other but will consult the members of the committee on this matter in the near future.

The Calumet & Hecla band concert scheduled for the lake house location last evening was postponed on account of the threatening weather. The concert will be given tomorrow evening instead.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**72 MARRIAGE LICENSES
ARE ISSUED DURING JULY**

**SAME NUMBER WERE ISSUED IN
1913—YEAR'S RECORD
IS BEHIND.**

Dan Capid was busy during the past six days of July and succeeded in shooting his darts in so many various directions that he brought the record of licenses up to par. During July, 1913, 72 marriage licenses were issued at County Clerk Kaiser's office and this record was tied yesterday afternoon when six licenses were issued.

July, in the years 1907 and 1911, were banner months and 106 marriage licenses were issued during both periods. This number is exceptionally high, however, and the average is about 50. The total number of marriage licenses issued for the year up to July 31 is 570, compared with 597 during the same length of time in 1913.

Yesterday afternoon, the following licenses were issued:

Emil Pekala of Redbridge and Miss Lillian Holm of Lemont.

Akmal Hannula and Miss Annie Louisa of Palmsdale.

Nikolai Haspanum of Hancock and Miss Alma Carlson of Atlantic.

Peter J. Miller and Miss Helen Pihl of Lake Linden.

Thomas H. Hampton of Palmsdale and Miss Irene Erickson of Houghton.

Peter Bertasalo, a native of Italy, who resides at Laurium, and who came to the United States through the port of New York in 1905, this morning applied for full citizenship papers.

**TEMPERATURE THROUGHOUT
JULY MONTH WAS NORMAL**

**THERMOMETER REACHED HIGH
MARK OF 90 ON JULY 6—
WEATHER WAS IDEAL.**

According to Observer Cowdrick of the United States Weather bureau today the temperature throughout July was normal and the highest for the entire 31 days was 90. This reading was taken on July 6.

The average temperature for the month was 59 degrees above normal for 25 days, normal being 65.7 degrees. The lowest reading during any July was 41 degrees in 1905 and the highest was 103 degrees in 1907. The rainfall was practically normal.

CALUMET TO GET \$70,701.80.

Will Receive Largest Amount of Primary School Fund Money.

County Treasurer Bran has received from the state superintendent of public instruction a statement of the apportionment of the primary school money to the various townships of Houghton county. The treasurer asks the trustees of school districts to remember that all he has received is a notice, that the money has not been delivered to him by the auditor general as yet.

The following table shows the county apportionment:

Township	Amount
Adams	2,692 \$18,474.29
Calumet	9,958 70,701.80
Chassell	619 4,373.60
Duncan	256 1,817.66
Elm River	282 2,002.20
Franklin	1,730 12,212.09
Hancock	123 844.50
Houghton	2,626 18,644.60
Laurium	262 1,869.20
Marquette	2,630 18,886.09
Portage	2,780 19,738.04
Quincy	479 3,428.90
Schoolcraft	2,185 15,371.50
Stanton	1,941 14,142.40
Twin Lake	326 2,314.60
Total	27,888 \$198,011.30

Trinity, Episcopal.
Early service, 7:30 a. m.; morning service, 10:45 a. m.; Sunday school at 9:30 a. m. No evening service till further notice—Rev. William Reid Cross, rector.

Baptist Mission.
Services held in the Odd Fellows hall, Sheldon street, every Sunday, at 10:30; Sunday school at noon. Rev. C. H. Brooks, pastor.

St. Ignace.
Masses at 6, 8, 9, and 10:15 a. m.; vespers at 7:15 p. m. Rev. A. J. Rozek, pastor. Rev. Joseph Schall, curate.

Presbyterian.
Morning service, 10:45; Sunday school at 11:45. Rev. Frank P. Knowles, pastor.

Capt. Margaret Saunders of the Houghton branch of the Salvation Army will leave next Sunday for some other post. Capt. Saunders does not know just where she will be assigned but expects to receive orders tomorrow.

The captain will be given a farewell party at the Salvation Army hall tomorrow evening at 8 o'clock.

SMALL STATES FAVOR ALLIANCE

**New Economic and Political Union
for Western Europe**

Brussels, Aug. 1.—King Albert, during his recent visit to Switzerland, appears to have found sympathetic reception of his idea for an economic and political alliance among the small states of western Europe. He is so enthusiastic over the matter that he is actively at work in furtherance of the idea and hopes that eventually Holland, Denmark, Switzerland, Luxembourg, Sweden and Norway, may be brought together with Belgium in the alliance.

It is understood that King Albert sees no practicality in the suggestion of a defensive alliance along military lines, as the countries concerned are widely separated geographically and weak in military forces even when taken collectively. But he believes that there is some understanding for common commercial and economic aims would be of advantage to offset the commercial aggression practiced by some of the great powers.

The course which Germany has taken in cutting off Holland from much of the trade of Eastern Europe by the new canal connecting Emden with the Rhine is taken as one instance of such economic pressure. Switzerland is said to suffer particularly under the shadow of German business rivalry.

King Albert also recently approached the government of Luxembourg with his proposal, but he has been informed that as the principality is a member of the German Customs Union, it is not free to enter into any economic arrangement with other countries.

HOUGHTON BREVITIES.

Will and Helen Stevens have gone to Ishpeming to visit their uncle, H. O. Young.

Mrs. J. P. Hambitzer and daughter, Mrs. Blanche Jackson returned yesterday from a lake trip.

Miss Walsh, who has been in Houghton visiting A. W. Walsh, has returned to her home in Chicago.

Miss Mayme Murray, who has been visiting at the Jacques home, left last evening for her home in St. Louis.

The new electric sign that the Copper Range railroad will erect at the head of Station Court arrived yesterday from Chicago.

At the regular meeting of the Houghton council and Portage township board next Thursday, the school board will petition for a pipe line and water service for the new Houghton school.

Mike Nevich, Tony Dudick and Frank Kovak of Trimountain left Thursday evening for Austria, where they will enlist in the ranks of the Austrian army.

Weather Forecast
(For 7 P. M. Sunday)
Copper Country: Partly cloudy to light and Sunday.

Weather Conditions.
Unsettled pressure conditions are reported from nearly all sections this morning, no decided areas of either high or low pressure appear on the map, except that a high of moderate intensity is approaching the north Pacific Coast. Scattering local showers occurred yesterday or last night at some places in the Rocky Mountains and the Lake Region and on the north Atlantic Coast. Temperature changes have been local and irregular. Partly cloudy weather is indicated for this vicinity during the next 24 to 48 hours. Gentle to moderate shifting winds are expected.

H. B. COWDRICK,
Official in Charge.

A telegraph wire in the open country lasts four times as long as one in a city.

Experiments are being made in France with the ultra-violet rays for aging wines.

GENTLE BREEZES

INTERNATIONAL K. OF C. MEET.

St. Paul Host For Knights in United States and Canada.

St. Paul, Minn., Aug. 1.—Preparations on an elaborate scale were completed today for the reception and entertainment of the hundreds of delegates and visitors expected here next week for the international convention of the Knights of Columbus. All parts of the United States and Canada will be represented at the gathering. Besides the usual church ceremonies and parade, there will be a banquet, a reception and ball and numerous automobile and boat trips to places of interest in and about the Twin Cities. The business sessions of the convention will begin Tuesday and continue until Friday.

Lake Linden--Hubbell

**MEETS DEATH
IN TWIN LAKES**

Leonard Holtzapfel Succumbs to Shock at Copper Range Resort

The death of Leonard Holtzapfel, aged 28, the son of Mr. and Mrs. Charles Holtzapfel of Lake Linden, occurred at Twin Lakes, a pleasure resort on the Copper Range railroad, last night at 8:30. Death actually was due to drowning but it is believed that the shock was contributory. The father of the deceased went to the scene of the fatality this morning and will bring the remains to Lake Linden tonight.

The deceased went to Twin Lakes yesterday morning to arrange a camping trip for his parents. During the afternoon, he and a companion were fishing in a boat and while casting, Holtzapfel stepped to the side and the small craft capsized, throwing both occupants into the water. Holtzapfel sank shortly after but the calls of his companion attracted campers to the scene. Within a few minutes, he was brought to surface and Dr. Cox of Winona was summoned. Life was not extinct and a pulmoner was sent to the scene from Houghton. The apparatus arrived at 8:20 but Holtzapfel lived but ten minutes later.

The deceased was born in Lake Linden and lived here until five years ago when he went to Winona as an electrician for the Winona Mining company. Later he was employed as upper peninsula representative for the Central Electric company of Chicago.

Besides the parents, a brother, Leslie, of Toledo, and a sister, Alice, at home, survive.

TELEGRAPHIC ODDITIES.

Took Long To Decide.
Williamson, W. Va.—Alec Chernoff returned a marriage license that he got 24 years ago to the county clerk. "Euphemism and me have decided we won't need it," he explained.

Straw Hat "Shower."
Bloomfield, N. J.—John Van Riper awoke to find his lawn covered with straw hats. He had complained to his friends that he was always losing his "top-piece." They gave a shower.

Bathing Suit Shortage.
New York—A shortage in bathing suits is threatened. Two thousand girls who make the garments have decided to strike.

Gold Garter Brings \$8.
Chicago—A pair of solid gold garter buckles, donated to the suffrage "melting pot" by a woman who declared she had adopted the hairpin fad and had no use for them, netted \$8 for suffrage.

Wife Gets Penny a Year.
Pittsburg, Pa.—Patrick McKeown, retired merchant, gave his wife but one penny in the last year, and that was for church, according to Mrs. McKeown, in desertion court.

**COMMITTEE BLOCKS
REPUBLICAN FIGHT
OVER PHILIPPINES.**

Washington, Aug. 1.—The Republican fight against the administration policy of independence for the Philippines started when Representative Miller of Minnesota led the minority of the insular affairs committee of the House in an effort to obtain permission for hearings on the Jones Philippine independence bill. The Democrats of the committee effectively steam rolled all attempts at ordering hearings, although the Republicans claimed that the public should be allowed to read the views of officials who have been at work in the islands, and who know exactly how well fitted for government the Filipinos are.

In addition, the insular affairs committee Democrats were successful in sidetracking the Miller resolution asking an inquiry into the allegations that Governor General Francis Burton Harrison has ruthlessly disregarded the civil service laws in discharging Spanish war veterans in the Philippines. In spite of the denial by the war department of the allegations of the Miller resolution, the Democrats refused to allow it to be brought up at the committee meeting for a vote.

The Republicans are anxious that the president's recent appointees in the Philippines should come before the committee at public hearings, to tell their views as to independence of the natives.

WAT ABLE TO SLEEP AND EAT AGAIN

Mrs. Mueller says: "I keep Peruna in the house constantly. When I am not feeling well I take a few doses. It always restores."

Mrs. Mueller's story of her experience with Peruna fully explains why she always keeps Peruna on hand. A few years ago she was very sick. The trouble seemed to be the stomach and liver. She suffered great pain. Was unable to get anything to help her. She was growing weaker and weaker. She became tired of life.

Somewhere suggested that she write to the Peruna Co. She did so. Through their advice she began to use Peruna. In a letter from her at this time she says: "Through the use of Peruna I have regained my health. I took only a bottle and a half when I was able to sleep and eat again and my nervousness disappeared." No wonder Mrs. Mueller keeps Peruna in the house. Under similar circumstances Peruna would be in every home in the land.

Any one taking Peruna ought to have a free copy of the "His of Life." Address Peruna Co., Columbus, Ohio. People who object to liquid medicines can now obtain Peruna Tablets.

C. & H. CONCERT WEDNESDAY.

Director Clarence Cook Arranges Fine Program For Event.

The Calumet & Hecla band has arranged an excellent program for its concert to be given at Calumet, para Wednesday evening. The following program will be rendered:

March, 154 Masse-Reeves.
Waltz of Concert, Blue Danube—Strauss.
Overture, Italia in Algeria—Rossini.
Grand selection, Attila (by request)—Verdi.
Serenade, The Watchers—Perry.
Plecco duet, The Nightingale and Thrush—J. Smith and Arthur Kittling.
Operatic Selection, The Mikado—Sullivan.
Descriptive, Cavalry Charge—Luders.
Excerpts from Madam Sherry—Hosebna.
Selection of Popular Songs—Taylor.

FIRM WILL REBUILD.

MacDonald Store at Hubbell, Damaged by Fire, To Be Replaced.

The store of MacDonald Bros., hardware dealers of Hubbell, which was destroyed by fire early Friday morning, will be rebuilt, according to D. K. MacDonald, senior member of the firm today. Insurance Adjuster Wright of Marquette will arrive here Monday to adjust the loss and preparations for the erection of a new structure will be made immediately.

The loss to the store building, including the damage to the stock, is estimated at between \$7,000 and \$8,000, fully covered by insurance. While the origin of the fire is unknown, it is believed to have originated from a cigar or cigarette stub in the rear of the building.

K. OF C. OUTING MONDAY.

Torch Lake members of Calumet council, Knights of Columbus, will enjoy an outing to White City Monday afternoon and evening. The steamer Annie R. Hennes has been chartered for the trip, the boat leaving the Fuel & Supply docks at 2 o'clock. About fifty members will make the trip.

LAKE LINDEN BREVITIES.
